

**Made in  
Japan**

**For health! For infant animal !**

# STARMATE®

**Net. 20 kg**  
(Paper kraft Bag)

☆**Feed name: Medium chain fatty acid (MCFA)\* calcium salt**

## ☆**Characteristics**

This is the fatty acid calcium produced from effectively mixed medium chain fatty acid by our own technique.

This is a rapid energy source for cattle, swine, and chickens.

## ☆**Usable situation**

### **Cattle / Pig**

- When changing milk replacer to artificial milk
- When changing artificial milk to raising feed
- When weaning and moving animals
- when decreasing the feed intake

### **Layer / Broiler chicken**

- Supporting neonatal chick's health
- Before shipment
